Provider Reimbursement under the Affordable Care Act

2018 marks the fourth year of national health insurance coverage provided under the Affordable Care Act (ACA), with nearly 9 million people signing up for the service as of last December. A reduction in the uninsured population made health care organizations hopeful for an increase in provider reimbursement. Below are a selection of articles examining the effect of the ACA at the professional and institutional level.

- Changes in Payer Mix and Physician Reimbursement After the Affordable Care Act and Medicaid Expansion. Jones CD, Scott SJ, Anoff DL, Pierce RG, Glasheen JJ.

- How Would Rural Hospitals Be Affected by Loss of the Affordable Care Act's Medicare Low-Volume Hospital Adjustment? Whitaker RG, Holmes GM, Pink GH.

- Potential impact of Affordable Care Act-related insurance expansion on trauma care reimbursement. Scott JW, Neiman PU, Najjar PA, Tsai TC, Scott KW, Shrime MG, Cutler DM, Salim A, Haider AH.
